

Chair Sashes

Lame' Gold, Plum, Royal, Silver Sashes

Lame' Purple, Emerald, and Red Sashes

Fairmont Cedarwood, Ice Pink, Mushroom, Wedgewood Blue

Chair Sashes can be the finishing touch on chairs with a cover or even on the existing chair that only needs a color adornment.

A variety of ties can be created using the chair style or by a different tie method.

Experiment with tying angles on the chair back, or using other embellishments for décor ideas instead of a traditional bow.
